

**TLP** is a state-licensed school serving the Schertz, Garden Ridge, Cibolo, Universal City, and northeast San Antonio area. It is our desire to provide a safe and exciting educational environment for your child to learn and interact with others.

We prepare your child for Kindergarten by working with the alphabet, numbers, colors, and shapes. We also enhance their learning experience by teaching through specific themes each month. Your participation in your child's education is encouraged and we invite you to join us for special family occasions like Mother's Day and Father's Day, our Thanksgiving Program and Feast and, of course, our Graduation Ceremony.

We provide an age-appropriate Christian-based program where children grow academically, socially, physically, and emotionally through play and exploration. Each child is allowed to learn through hands-on learning opportunities with the guidance of our nurturing staff.
